STAY IN TOUCH AROUND THE OFFICE – ONE HEADSET FOR YOUR DESK AND SOFTPHONE

With Jabra PRO™ 9460 and Jabra PRO™ 9460 Duo headsets, office staff can answer calls made to either of their phones, even while away from their desks. Specially designed for open plan working environments, both models are fitted with a flex boom for optimum voice pick-up. Jabra PRO™ 9460 is a single-ear headset that can be worn hooked over the ear, or on a head or neckband. Providing sound for both ears, the Jabra PRO™ 9460 Duo blocks out background noise, making it possible to handle calls calmly and professionally at all times.

USER-FRIENDLY TOUCH SCREEN BASE

The two devices – desk and softphone – are united by a stylish touch screen base that offers complete freedom with a wireless range of up to 150m. Using the touch screen base you can easily hold or merge calls for conferences from both phones. A simple, SmartSetup wizard on the touch screen helps you connect your phones and choose preferences to get started in just a few minutes. Once you're up and running, the screen's colorful icons and intuitive menu system make call-handling a breeze.

UNBEATABLE SOUND

Several state-of-the-art sound technologies enable the Jabra PRO™ 9460 to deliver unrivalled call clarity and safety. The combination of a flex boom and noise-canceling microphone with advanced Digital Signal Processing means your voice can always be heard clearly. Wideband quality ensures that the sound you hear is crystal clear, while SafeTone technology protects your hearing.

- Multiuse connectivity: desk and softphone
- Touch screen base with SmartSetup wizard
- Noise-canceling microphone and Digital Signal Processing
- Wideband sound (150 Hz – 6,800 Hz)
- Full hearing protection with Jabra SafeTone
- Up to 150m wireless range

FEATURES & BENEFITS

	FEATURES	BENEFITS
Ease of use	Up to 150m* wireless hands-free telephony with DECT and DECT 6.0 with CAT-iq technology	Long range and reliable connectivity gives users the freedom to multi-task with maximum efficiency and answer phone calls from any location in the office.
	Multiuse connectivity - desk and softphone	Allows users to switch seamlessly between calls on desk and softphones.
	Talk time up to 8h in wideband sound mode and up to 11h in narrowband sound mode	No need to charge headset for a full working day
	Headset controls: - Multifunction button - Headset touch panel	Includes remote answering/ending of calls, call rejection, redial function, swapping between held calls, volume controls and microphone mute from both desk and soft phone.
	2.4" Touch-sensitive screen in Q-VGA resolution for call handling, system configuration and setup wizard	Intuitive touch screen call management. Shows active phone device and allows the user to merge calls. Easy system configuration with SmartSetup wizard.
	Standby time 46h	Less need to charge headset.
	Voice recording from desk phone	Save conversations on a PC (PC recording application required).
Comfort	Mono: 3 wearing styles: - Headband - Neckband (accessory) - Earhook Duo: - Headband	Swap easily between different wearing styles and attach the headset to whichever ear the user prefers. Neckband available as an accessory for mono version.
	Headset weight: Mono 31g / Duo 70g	Lightweight office headset. Designed for all day use.
Audio	Wideband sound and DSP (Digital Signal Processing)	Hear and be heard with digitally enhanced speech and sound in wideband quality. Helping users hear what customers are saying, this feature enhances understanding and call efficiency.
	Supports both wideband (150-6,800 Hz) and narrowband (300-3,400 Hz) to match phone system	Close integration with the specific type of phone system means better call clarity for both parties. Bandwidth can be selected per phone.
	Single noise-canceling microphone with DSP	Reduces distractions by almost eliminating background noise, so only the user's voice is transmitted.
	Jabra SafeTone technologies	Protects users' hearing by cutting off sound spikes and sudden loud noises (PeakStop™ protection) and securing safe average sound levels throughout the day (IntelliTone™). Fully compliant with noise-at-work legislation.
Additional	E-hooks and free drivers available at www.jabra.com/pcsuite	Users can answer/end calls up to 150m away from their desk and softphone.
	Minimal energy consumption with Jabra IntelliPower system	Headset and base go into sleep-mode when not active. Screen display is automatically dimmed and a switch mode power supply ensures reduced power consumption. This saves energy and reduces CO ₂ emissions.
	Security: encryption between headset and base	Secure conversation. No one can listen in on your conversations.
	Security: Kensington Lock	Theft protection of the base.
	North America: One-year limited warranty	With GN Netcom's no fine print 1-year warranty, you'll enjoy worry-free ownership.
	Europe/APAC: Two-year limited warranty	With GN Netcom's no fine print 2-year warranty, you'll enjoy worry-free ownership.

* Range varies according to the environment in which the headset is used

SAFETY

The Jabra PRO™ 9460 meets the requirements of the international standard IEC 60950-1. It also meets EN 60950, AS/NZS 60950 and UL 60950 IT equipment safety standards.
